Tasting

The most popular variety on the Domaine de Moulines, where the oldest plots are 50 years old. Powerful, both well-balanced and strong, Merlot is enjoyed for its capacity to accompany many different foods.

Vinification

After the mechanical harvest on optimally ripe grapes, the destemming process is done before the controlled fermentation between 28 and 30°C in tanks. The bottling of the cuvée Merlot is done with no prior filtration in order to obtain a better preservation of its aromas and gustatory quality.

Food and Wine
